SOURCE

1. The following excerpts are from a letter addressed to our librarian dated 23 Apr 55 from Professor M. Birecki, Director of the Centralny Instytut Rolniczy, Krakowskie Przedmiescie 66, Warszawa:

"We are interested in everything connected with the crossbreeding of swine.

"We noted that your Bulletin Nr 320/Winters and all. "A six years study of crossbreeding swine," 1935/deals with this subject. We should be very much obliged if you were so kind as to let us have the above mentioned Bulletin and also any other Bulletin published since 1935 on the same subject.

"We also noted the following three publications;

1. Fine, N. C. 1951. A study of selection for factors of performance in the Minnesota No. 1 and 2 inbred lines of swine. PhD thesis.
2. Rempel, W. E. 1952. A study of selection for factors of performance in inbred lines of Poland Chine swine. PhD thesis.
3. Sierk, C. F. 1948. A study of heterosis in swine. PhD thesis.

"In case you find it possible to send us the above mentioned publications within our mutual exchange we would be very grateful."
